Syracuse, N.Y. 13214

NEW HOURS:

MON-FRI 5pm – 8:30pm

SAT-SUN 8am – 12pm

SOS AFTER HOURS

As a part of our ongoing commitment to provide the highest quality of orthopedic care available, Syracuse Orthopedic Specialists, PC is proud to announce the opening of a new after-hours service called SOS PLUS. SOS PLUS is a walk-in orthopedic medical service that allows patients of all ages with acute orthopedic conditions needing immediate attention to be diagnosed and treated right away avoiding costly and unnecessary visits to the emergency room. We are now open every night of the week from 5 pm to 8:30 pm and Saturday and Sunday mornings from 8 am until noon.

SOS PLUS is devoted exclusively for the treatment of orthopedic, non-emergency injuries such as closed fractures, sprains, strains, dislocations, recently painful, swollen, injured joints, new work related injuries or athletic injuries. The SOS PLUS After hours walk-in care is staffed by Certified Physician Assistants and Nurse Practitioners who specialize in orthopedic injuries and will work with a SOS Board Certified Physician who will be available for any needed consultations. We are equipped with on-site state of the art digital x-ray and MRI technology.

The SOS PLUS after hour injury care entrance is located at the **back** of our main office at 5719 Widewaters Parkway, Syracuse, N.Y. where there is easy access and abundant parking. We treat medical conditions that need prompt care but are not life-threatening. Please note that extreme orthopedic injuries such as open fractures, deep lacerations, head trauma, excessive bleeding or conditions coupled with life-threatening symptoms would be more effectively treated at a hospital.

Help is on the way.
It's in our bones.
